B. R. T. EXPRESS TRAINS COST YOU 10 MINUTES

Locals Stop at Every Station and Rus Rings Around Other Trains.

Residents of Sheepshead Bay and nearby communities are to-day preparing o organize a movement to have the Public Service Commission lirect tie Brooklyn "Rapid" Transit Company to abandon the express service on the line and institute an all-local train service. The rather unusual plea is based on the ground that the so-called express service takes ten minutes longer in landing

takes ten minutes longer in landing its passengers at Park Row than the local trains.

The obsurdity of the service is inadicated by a personal observation made resterday and to-day. A local train leaving Sheepshead Bay yesterday morning at 8.20 arrived in Park Row at 9 o'clock. A train labelled "Express" left Sheepshead this morning at the same hour, 8.20, and the passengers did not arrive at Park Roy until 3.10. The delay was due to the fact that but one of seven trains crossed the bridge, six trains in a row being sent to Fulton Ferry, this saving the B. R. T. the toll money which must be paid on each tain crossing the bridge. This is the same company that is going to run subways in Manhattan.
